

We invite you for a once-in-a-lifetime experience,

Enlightened-Life Retreat

with Master Del Pe

The Enlightened-Life Retreat will surprise you with a breakthrough strategy to rapidly achieve enlightenment in this lifetime. Take home teachings that lead you to a quantum leap of consciousness beyond your expectation.

About the Program

Master Del Pe designed this comprehensive program to spiritually jumpstart participants to find their higher path and start creating breakthroughs in life. You can say that after this immersion program, participants will experience a quantum leap of consciousness leading to inner life *initiations*. The spiritual initiation performed by Master Del Pe with the participants includes awakening their Soul connections while activating their *sacred fire* to a high degree, resulting in *spiritual alchemy*. Any serious seeker of the higher path will find this enlightenment process not only a blissful experience but worth dying for.

Many people around the world waste time doing meditation, yoga and spiritual rituals in the hope that one day they will get enlightened. This is a myth and needs to be rectified. For one to awaken their Soul and culture their ego, practitioners require a serious curriculum and life-mentoring. This approach avoids the old ways of trial and error which waste a lot of the seeker's time, resources and opportunities to get enlightened and make a big difference to society.

Master Del Pe and his team will spiritually culture the participants with state-of-the-art esoteric tools, guided by a curriculum that molds the personality and character of the participants to

meet a fast-track requirement towards enlightenment. Thus, what they can't achieve in a lifetime of laborious religious work will be attained in just a few months of training and mentoring. The program is based on the following curriculum:

- ✓ **10 Hours - Healing Course: BEwell Science™, Level 1**
- ✓ **8 Hours - 7 Cycles of Life Seminar**
- ✓ **14 Hours - Life mentoring services**
- ✓ **14 Hours - Martial Arts-Yoga**
- ✓ **10 Hours - Life After Death and the Inner World Seminar**
- ✓ **10 Hours - The 7 Rays and 7 Types of Human Temperaments**
- ✓ **14 Hours - Entertainment and Recreation**
- ✓ **Enlightened Life Kit**
- ✓ **12 Hours - Follow-Up Sessions**

“Enlightenment reduces suffering and struggles in life by purifying character and transforming negative karma from present and ancient lives.”

- Master Del Pe

12-Day Intensive Training Curriculum

A. Healing Course: BEwell Science™, Level 1

This is a 10-hour practical training on healing the past of the participant, transforming their present and empowering their future. It is a technical workshop that educates the individual on energy healing techniques, serving to:

1. Detoxify the physical organs and whole body
2. Sanitize and revitalize the energy anatomy and 3 layers of the aura
3. Heal and stabilize the emotions
4. Clear and sharpen the mind
5. Prepare the Soul awakening

This healing course will train participants to be able to heal other people even remotely as a service. This new skill set will be required by the participant to progress safely on his or her spiritual journey ahead.

B. 7 Cycles of Life Course

An 8-hour training aimed at educating participants about the hidden science of decision-making by applying the 7 Life Cycles psychology. After you have taken this training, you would never make a decision without consulting your chart because you

will discover the best period to do the best things and you will also know the worst timings to make big decisions. It is one of the most loved seminars and you have to experience it yourself.

Many predicaments and loss of resources are due to bad decisions made in the past. This course will make sure that the participants will be empowered to maximize their life spiritually and materially by following the 7 Cycles of Life chart.

***“Wrong idea done in the wrong time
creates chaos.***

***Wrong idea done in the right time
is a mistake.***

***Right idea done in the wrong time
creates resistance.***

***Right idea done in the right time
creates inevitable success.”***

- Master Del Pe

C. Life Mentoring Services

Master Del Pe and his team will perform group and individual healings and mentoring sessions that engage participants to resolve their life's issues and blockages of their spiritual development. *Charting their energy anatomy and Soul's age to identify their level of development is included in this package.*

The mentors will help participants to clarify their higher purpose and their type of temperament amongst the 8 types of human design, in order to discover their greatest strengths, weaknesses, seeds of failure in life and their maximum potential. This part of the program is the key stroke for understanding who they are and who they are not.

D. Martial Arts-Yoga

Daily training of 2 hours will be devoted to development of higher will-power, focus, self-discipline, agility and self-confidence in the participants. This will also include special self-defense techniques for day-to-day safety and survival. The curriculum will help to reverse ageing, boost the immune system, release body toxins and build stamina.

The modern spiritual path does not only adhere to the loving kindness of a Saint but also the persistence, endurance and self-discipline of a good soldier. This courageous attitude is one of the most important qualities that good-hearted people don't usually have, which stops them from creating breakthroughs in world service. Master Del Pe believes that will-power, heart and mind are to be harmonized to attain real self-mastery. The Martial Arts-Yoga provides that missing link.

E. Life After Death and the Inner World Seminar

This 10-hour advanced workshop brings a new light to the intricacies of the Spirit, Soul and Personality and their relationships. Master Del Pe thoroughly describes the science of human incarnation at birth and the discarnation process from death to rebirth. The course presents a very enlightening education about the inner worlds and their occupants and a deeper understanding of the concept of world-within-worlds.

The participants will discover the Law of Karma, the Law of Evolution and Involution, and the principles of an enlightened life path. These advanced teachings will introduce the beginner as well as the advanced practitioner on how to prepare people to die peacefully and help them release their Soul towards the highest realm possible. This training also includes teachings on how to study in the inner world while asleep and get out-of-body consciously. This workshop is a must for anyone wishing to advance in the path of enlightenment in a very intelligent and purposeful way.

F. The 7 Rays and 7 Types of Human Temperaments

This 10-hour course is designed by Master Del Pe to enlighten the participants about the 7 types of

human design, their strengths, weaknesses, source of fears, source of fulfillment, and their best path in life. *It is a universal esoteric education that allows one to understand the 7 Days of Creation, the 7 Archangels, and the 7 Spirits before the throne of God.* The spiritual hierarchy also called the Inner Government, in its 7 Ray functions will also be spelled out in the curriculum, including who are the Masters and divine dignitaries leading the 7 departments managing the Planetary Divine Plan.

The participants will come to know who they are and who they are not after evaluating their own personality and Soul temperament, a breakthrough discovery in life. Most humans are born and die without unfolding who they really are and their types of inspiration and spiritual lineage. This spiritual ignorance ends after this course as the participants will understand many spiritual and esoteric secrets and mysteries.

G. Entertainment and Recreation

Body works with massage, natural hot spring baths, nature strolls and a few outdoor sports are also a part of the Enlightened-Life Retreat. The magnificent view and ecosystem of the retreat location can be called the Philippine Himalayas – a featured combination of Tibet, Nepal and the Indian mountainous region. Thus, there is more to

the splendid 360-degree view of the retreat venue than the eyes and mind can absorb.

Body, energetic, emotional, mental and spiritual pampering to incubate the unfolding divinity in everyone is a necessary ingredient to bring the spiritual spice while pursuing an enlightened life. A disciple of the new modern path requires culturing the ego for it to become a powerful and effective Soul instrument to serve life. The problem is that most other spiritual teachings want to kick the ego rather than nurture it. This program develops the partnership of the ego and Soul.

H. Enlightened-Life Kit

All participants will be offered a kit that has all the books, CDs, DVDs and guiding materials... so don't worry about the knowledge retention issues. You are expected to be in an immersion program and not in a memory work-out. You can bring home the experience in your body and Soul's memory. The Enlightened-Life Kit will serve as a reminder and guideline to deepen your practice. The kit provides you study materials for many years, if not a lifetime.

I. Follow-up Sessions

Post-retreat group mentoring sessions for 3 months (2 hour sessions, 2 times per month) will be included in the program. These sessions carried over a total of 12 hours will make sure that the participants are confident in their next-step strategy.

About Master Del Pe

Master Del Pe

Master Del Pe designed the Enlightened-Life Retreat to be a faster, straight forward and no nonsense approach to spiritual awakening by bringing a highly packed curriculum. He believes that inspiration alone does not bring direct results in the long run, because people on the

path need real techniques, spiritual tools and systematic strategies to move forward in a more calibrated and serious process until enlightenment happens.

Master Del Pe, personally trained by 4 advanced Masters, had gone through the whole process of enlightenment from a student, apprentice, and disciple until he became a Master himself. Thus, he knows the loopholes of the spiritual path. He created the Enlightened-Life Program to take into account all the requirements for successfully finishing what you start in the path of higher evolution.

He synthesized his teachings from his expertise as a Modern Sage, world philosopher, Esoteric Psychologist and Scientist, a Divine Alchemist, Spiritual Technologist and a Third Eye Initiation guru. He also brings to his retreats his mastery of martial arts-yoga, healing science, his engineer's mind and his entrepreneurial spirit as the founder of 2-USA based institutions: *BElife Institute for Higher Consciousness (BIHC)* and *American Institute for Leadership Advancement (AILA)*.

Author of 8 books, he has travelled to over 100 countries teaching and at the same time studying world philosophies, world religions and world cultures. Master Del Pe's mission includes helping people to *master life ahead of its time* and to train Saints and Masters as a bridge for the future world.

Praises for Master Del Pe's Enlightened-Life Program...

“I have gone around the world looking for a spiritual teacher even in Tibet, India, China and the Andes mountains but I did not find what I was looking for. You may say I am a seeker who has “been there, done that”. When I attended Master Del Pe's retreat, I knew I had arrived! He is an encyclopedia of knowledge about esoteric and healing sciences. You pay \$10000 dollars to attend and bring home more than a billion dollars' worth of spiritual goodies.”

- M.J., Life Coach, (Houston, Texas)

“My spiritual search had been difficult because I had to go through health challenges, income and financial crises to wake up. Through Master Del Pe’s retreats and spiritual mentoring, I was able to bring back my fragmented self into one whole piece, extremely brighter and more enlightened than before. In the modern times, you need a guru who is not just wise but also an advanced healer because the karma of awakening brings not only bliss but also karma-acceleration resulting to suffering and big tests. You need a mentor like Master Del Pe who is an example of balanced-life both materially and spiritually.”

- H.L., Serial Entrepreneur (New Delhi, India)

“I thought I was already a very advanced Soul and well-equipped to become a spiritual teacher. In fact students in yoga think that I am their guru. When I attended Master Del Pe’s retreats I felt that I have become a student again. He is more than a guru. He is a modern enlightened Master who can do alchemy, magic, healing miracles but he is still grounded in the day-to-day affairs. He is one of those whom I’ve seen to have one foot on Earth and one foot in Heaven.”
