Breakthrough strategies to rapidly achieve enlightenment in this lifetime. Take home teachings that lead you to a quantum leap of consciousness beyond your expectation.

ABOUT THE PROGRAM

Master Del Pe designed this comprehensive program to spiritually jumpstart participants to find their higher path and start creating breakthroughs in their life. After this immersion program, participants will experience a quantum leap of consciousness leading to inner life initiation. The spiritual initiation performed by Master Del Pe with the participants includes awakening their Soul connection while activating their sacred fire to a high degree, resulting in spiritual alchemy. Any serious seeker of the higher path will find this enlightenment process not only a blissful experience but worth dying for.

Many people around the world waste time doing meditation, yoga and spiritual rituals in the hope that one day they will get enlightened. This is a myth that needs to be rectified. For one to awaken their Soul and culture their ego, practitioners require a serious curriculum and life-mentoring. This approach avoids the old ways of trial and error which waste a lot of the seeker's time, resources and opportunities to get enlightened and make a big difference to society.

Master Del Pe and his team will spiritually culture the participants with state-of-the-art esoteric tools, guided by a curriculum that molds their personality and character to meet a fast-track requirement towards enlightenment. What they can't achieve in a lifetime of laborious religious work will be attained in just a few months of training and mentoring. The intensive program has 3 levels.

This retreat will coincide with the Taurus Full Moon during *Wesak*, one of the highest energies of the year and one that bestows those who will receive the gift of Wisdom aligned with Divine Purpose with the accompanying qualities of:

- Resilient adherence to spiritual purpose
- Love with discrimination
- Alignment to truth
- Illuminating consciousness with synthesizing will
- Group consciousness

This is one of the most important energetic milestones of the year for Advanced Souls and Masters, even in the heavenly realm, because they have an important conclave to empower the next strategy of the world and planetary affairs called the Divine Plan.

The new era's esoteric template called the Aquarian matrix designs will be stamped on the souls and personalities of servers to be promoted to the next level of world service. This esoteric event will happen during the *Wesak* Full Moon.

While in deep group meditations, the group initiation will empower you on the path of self-mastery and enlightenment.

CURRICULUM EXCERPTS

12 Rules to Achieve Enlightenment

This workshop, based on Master Del Pe's *12 Rules to Achieve Enlightenment* book, was assembled by him as a guiding philosophy, spiritual compass and map, to help seekers navigate the vast vault of spiritual treasures and pearls of wisdom which have been collected from 6 decades of his personal experience, as he was traversing the rough seas of his own spiritual journey. He studied and observed how his 4 mentors and many other enlightened teachers mastered their life, without formal university education, and developed their spiritual muscles through highly intelligent hard work and mastery of the virtues of will-power, self-discipline and sacrifice.

Master Del Pe invites takers of this program to travel together and cross the crystalizing borders of religiosity and aging spirituality, override the humps of contemporary ignorance and escape the ditch of modern pre-occupations. The '12 Rules' philosophy will transport your consciousness far away, beyond the geography of obsolescence and help you arrive at the doorstep of enlightenment.

Rule 2: Know Thyself, The E-SWOT Analysis

The Enlightenment SWOT Analysis equips you to see your path of enlightenment with measurable landmarks. This inventory helps you to evaluate your available Strengths and Opportunities for enlightenment. It also throws light on your Weaknesses, seeds of failure and Threats against the goal of getting more enlightened. It opens your mind to look at yourself in a fresher way and towards a new and noble direction. It can also help you to scale up your output more easily and perform beyond your expectations.

Divine Alchemy Level 1

Divine Alchemy is one of the most advanced requirements for Initiation at all levels. In this program, you will:

1. Study the exoteric and esoteric functions of the 15 major chakras
2. Learn about their roles in higher development and initiation
3. Awaken and activate their spiritual functions through alchemy
4. Use mantras to re-engineer them with the New Divine Design

Divine Alchemy Level 2

In this program you will learn esoteric strategies to transform and transmute yourself into a world class spiritual server/disciple. You will:

1. Study the deeper aspects of the science of transformation and transmutation for initiation
2. Awaken the 13 chakral pairs and empower their dharmic functions in advanced character development
3. Learn how to clean the chakras, the kundalini and the sushumna with advanced breathing methods, divine light flushing and other esoteric techniques
4. Experience how to use soul energy to transform and empower the personality faster through alchemy

Divine Alchemy Level 3

This powerful program is a game changer for anyone seeking higher development and initiation. You will be able to transmute negative karma from the past and open new roads to enlightenment and greater service. You will learn to:

1. Construct the Sushumna wider and higher than most people at your level of initiation and development
2. Densify and enhance the Kundalini and flow it upwards to fill the Sushumna to the highest level which is safely possible for you
3. Awaken your Soul chakras and construct the Antahkarana safely
4. Construct new diamond consciousness from ordinary auric designs

Aquarian Martial Arts-Yoga Science

Regular training will be devoted to the development of higher will-power, focus, self-discipline, agility and self-confidence in the participants. This will also include special self-defense techniques for day-to-day safety and survival. The curriculum will help to reverse aging, boost the immune system, release body toxins and build stamina.

The modern spiritual path not only adheres to the loving kindness of a Saint but also to the persistence, endurance and self-discipline of a soldier. This courageous attitude is one of the most important qualities that good-hearted people don't usually have, which stops them from creating breakthroughs in world service. Master Del Pe believes that will-power, the heart and the mind are to be harmonized to attain real self-mastery. Martial Arts-Yoga Science provides that missing link.

Group Healing

Master Del Pe and his team will perform group healings to engage participants to resolve their life issues and blockages in their spiritual development. This is an important foundational work which will prepare you for safely awakening your consciousness to greater heights, while avoiding the drama of karmic purging. You will receive energetic healing and adjustment customized to your need and priority issues by our team of specialists.

Mentoring

The 2 months of ongoing mentoring after the retreat is the key to ensure that you can sustain your new inner development and smoothly progress to your next level. It will help you to clarify your spiritual journey and state of enlightenment in order to pursue your highest potential. Your mentors, facilitators and peers will provide the lasting support to make your enlightened-life journey a success.

PRAISES FOR THE ENLIGHTENED-LIFE RETREAT

"I went around the world looking for a spiritual teacher even in Tibet, India, China and the Andes mountains but I did not find what I was looking for. You may say I am a seeker who has 'been there and done that'. When I attended Master Del Pe's retreat, I knew I had arrived!"

- M.J., Life Coach, (Houston, Texas)

"My spiritual search had been difficult because I had to go through health challenges, income and financial crises to wake up. Through Master Del Pe's retreats and spiritual mentoring, I was able to bring back my fragmented self into one whole piece, extremely brighter and more enlightened than before. In modern times, you need a guru who is not just wise but also an advanced healer because the karma of awakening brings not only bliss but also karmic-acceleration resulting to suffering and big tests. You need a mentor like Master Del Pe who is an example of a balanced-life, both materially and spiritually."

- H.L. Serial Entrepreneur (New Delhi, India)

"I thought I was already a very advanced Soul and well-equipped to become a spiritual teacher. In fact, students in yoga think that I am their guru. When I attended Master Del Pe's retreats I felt that I have become a student again. He is more than a guru. He is a modern enlightened Master who can do alchemy, magic, healing miracles, and yet is still grounded in day-to-day affairs. He is one of those whom I've seen to have one foot on Earth and one foot in Heaven."

- R.A., Spiritual and Yoga Teacher (Rio de Janeiro, Brazil)

ABOUT MASTER DEL PE

Master Del Pe designed the Enlightened-Life Retreat to be a faster, straight forward approach to spiritual awakening by bringing a highly packed curriculum. He believes that inspiration alone does not bring direct results in the long run, because people on the path need real techniques, spiritual tools and systematic strategies to move forward in a more calibrated and serious process until enlightenment happens.

Master Del Pe, personally trained by 4 advanced Masters, had gone through the whole process of enlightenment from a student, apprentice, and disciple until he became a Master himself. Thus, he knows the loopholes of the spiritual path. He created the Enlightened-Life Program to take into account all the requirements for successfully finishing what you start in the path of higher evolution.

He synthesized his teachings from his expertise as a Modern Sage, world philosopher, Esoteric Psychologist and Scientist, a Divine Alchemist, Spiritual Technologist and Third Eye Initiation guru. He also brings to his retreats his mastery of martial arts-yoga, healing science, his engineer's mind and his entrepreneurial spirit as the founder of 3-USA based institutions: *BElife Institute for Higher Consciousness (BIHC)*, *Wisdom Institute for Leadership and Global Advancement (WILGA)* and *World Institute for Incurable Diseases (WIID)*.

Author of 12 books, Master Del Pe has travelled to over 100 countries teaching and studying world philosophies, world religions and world cultures. Master Del Pe's mission includes helping people to master life ahead of its time and to train Saints and Masters as a bridge for the future world.
